Alex Morgan - FICTIONAL SAMPLE RESUME

Digital Business Analyst | Fictional Retail | 2022-2025

Led discovery workshops and wrote checkout requirements and acceptance criteria for a retail ordering platform.

Mapped fulfilment processes with operations and agreed measurable workflow improvements.

Coordinated UAT with business users and triaged release defects against the agreed acceptance criteria.

Supported customer interviews and proposed roadmap options; the product manager owned final decisions.

Prioritized the checkout backlog within agreed product objectives.

Owned release plans, risk tracking and delivery reporting; aligned operations stakeholders and engineers on scope.

Used basic SQL SELECT queries. No experience owning production data pipelines or warehouse architecture.

Education: BA in Business, Fictional College. Languages: English.
